

March 20, 2020

To Our Valued Customers:

Governor Tom Wolf has issued direct orders for all non-life sustaining businesses in Pennsylvania to cease operations effective 8pm on Thursday, March 19th. Information is limited at this time; however, we fully intend to comply with this government order.

All scheduled activities including service and delivery will be placed on hold at this time, and all manufacturing operations at Century will discontinue. Our offices and showrooms will be closed until further notice.

Our dedicated sales representatives and customer service admins, as well as our management team, will be available to assist our customers in the coming weeks. We will continue to monitor all phone calls and emails remotely, in an effort to provide support to our customers during this closure.

And as more information becomes available, we will plan to stay in touch with you and keep you informed. We will work very hard to re-build our schedule, for when the government restrictions have been lifted and our business is permitted to operate again.

We would like to take this opportunity to thank our valued customers, trade partners and employees for their commitment and support. We wish you and your families good health and strength in the coming weeks.
